welcome to my web site!

New!

[Montgomerys of Dunbar and Shady Grove](#) and [Butler Family Migrations](#) published.

Most of this is the compilation of the genealogy of my [Butler](#), [Lancaster](#), [Montgomery](#) and [Welch](#) families. Select the family of interest from the menu at the left to go to that.

Under 30504 you will find

- [30504](#) - information about the area in which I live
- [the netherlands](#) - pictures of our time in The Netherlands.
- [my scrapbook](#) - probably of interest only to me but you are welcome to look if you like.

Indexes to my complete genealogical database are available under the [People Index](#) and the [Surname Index](#).
